About PUBLIN

For six years publin.ie has been the most well known and trusted source on Dublin's pubs.

Now we are utilising our knowledge and experience to give bespoke, privately guided pub crawls around some of the best pubs in the world.

Publin has a close relationship with the pubs of Dublin, Ireland and has an excellent reputation, which means we can offer an experience like no other.

The Crawl

Publin Pub Crawls has several routes around the city created to suit any taste.

We take in all of the best of what Dublin pubs have to offer, including history, culture, and of course, the best drinks.

We suggest routes that explore the topics and themes of most interest to our private groups. These include the historical pub crawl, Joyce's pub crawl, the gin and whiskey crawls, Ireland's first Good Friday crawl and the live music crawl.

Over the course of 4 hours we will bring our groups to 4 pubs, giving them an in depth history of the pub and also explaining what makes them such enjoyable and important cultural sites.

Publin caters for groups of any size and at any time. We also cater to special requests such as the inclusion of food on the crawl, private areas, and fully inclusive packages.

For older groups we are happy to design routes with minimal walking.

Your guides

All of our pub crawls are hosted by John Geraghty and Luigsech Bennett.

John has run Publin.ie for the last 6 years and is one of Dublin's leading authorities on pubs.

Luigsech has over 7 years experience as a tour guide on the Dublin pub scene.

They have been friends since their teenage years and want to expose others to their love of Dublin pubs.
